1.0 HISTORICAL DOCUMENTATION OF MILL

1.1 HISTORICAL SUMMARY OF CANYON REDUCTION WORKS MILL

The Gold Canyon Reduction Works, located between the Brevoorts Mill and the Brooks Mill in Silver City (Ansari 1989:69), was built in 1861 (Browne 1868:352). It was recorded on Bancroft's 1862 map (Figure 1). In 1863, the mill, which worked ore from the Gould & Curry, shut down for repairs (*Gold Hill Daily News* 1863:2). In 1865, the steam mill, owned by Collins & Co, had 20 stamps and 16 pans (Ansari 1989:69; *Gold Hill Daily News* 1865:3). In 1867, William Sharon of the Bank of California owned the mill, which contained a 30 horsepower steam engine that used six cords of wood per day. The mill ran 15 700-pound stamps that dropped nine inches, 75 times per minute. Amalgamation was done using six five-foot Hepburn bans and seven Knox pans. The mill had a 25-ton capacity and worked 600 tons per month. It employed 13 men and was located three miles from the mine (Browne 1868:352-360).

Figure 1: Portion of Bancroft's 1862 map showing the Gold Canyon Reduction Works (Bancroft 1862)

of Nevada duly sworn and dwelling in said City of New York personally appeared William A. Cobb the President of the New York and Nevada Mining Company and John C. Boyer the Secretary of the same Company to me respectively known and known by and duly sworn did depose and say that they each resided in the City and County of New York that he said William A. Cobb was the President and he said John C. Boyer was the Secretary of the said New York and Nevada Mining Company that the seal affixed to the foregoing Instrument of writing is the Corporate seal of the said Company for the purposes of the said Instruments that it was so affixed by the order of the Board of Trustees of said Company and that they said William A. Cobb and John C. Boyer signed their names thereto in the like order as President and Secretary of said Company respectively and the said William A. Cobb and John C. Boyer also severally acknowledged to me that they had executed the said Instruments of writing freely and voluntarily and in the act and deed of the said New York and Nevada Mining Company and for the uses and purposes therein mentioned.

OBLER

Black Crook.—The Crook still keeps on the even tenor of its way with a large troupe of melodeon actors and actresses, introducing new features almost nightly. The place is devoted to fun and all is free and easy throughout. A fine bill will be presented this evening.

New Boilers.—The Yellow Jacket Company have just received and will at once set up two new boilers, each 16 feet in length by 54 inches in diameter. Each boiler contains 50 three-inch tubes. The boilers were manufactured at the Pioneer Boiler Works.

The omnibus line, plying between this city and Gold Hill is being well patronized this summer. Our people all seem to have made up their minds that it is much cheaper to pay two bits for a ride than to walk during hot weather.

Nov 30.—There was a report on the atrocious evening that a miner in the Chollar-Potosi had been caved on and fatally injured. Upon tracing the matter up we found that a workman in the mine had sprained himself, not caved—no smashing of bones!

Overhauling.—The Kentucky Company are engaged in overhauling their hoisting works. They are putting in new reels, repairing their shaft, and putting everything in order for a long siege of heavy work.

Low Fare.—The old line of Dayton stages leaving that town in the morning charges but four bits to this city and intermediate points. Nobody can complain of this as extortionate.

Our markets are well supplied with apples, peaches, plums, pears, grapes and every other kind of fruit now in season—watermelons and muskmelons are also plenty.

For SUNDAY ACCOMMODATION.—After this date the stage office of Wells, Fargo & Co. will be open on Sundays from 2 to 4 o'clock P. M., for the accommodation of those wishing to secure seats in the stages to California.

The Corro Gordo mines are still well spoken of. Parties who left this city a few weeks since to look after interests in various leads in that section express themselves as being perfectly satisfied with their mines.

Export teams, loaded with merchandise for our business houses, continue to throng our streets. Our merchants appear to be determined to take time by the forelock this season.

TELEGRAPHIC.—There are messages at the telegraph office for the following persons: Mikal, Kelly and C. Morales or Lottie Morales.

NEW APPOINTMENT.—Mr. A. Baker has been appointed route agent for the Western Division of the Overland Stage Company's line.

Large quantities of wood are now coming into the city from Washoe. Ten cords to one team is a load by no means unusual.

All our mills are now at work day and night and we hear no complaint of a scarcity of flour.

Good Sport.—There is said to be very good shooting just now about Peavine—the game being grouse and sage hens.

TERMINAL ENTERPRISE 8/22/1867

Hair Dressing & Shaving SALOON.

No. 60 South C Street Near Taylor, Opposite Gilley, Meier & Co.

such property? It is a nuisance whose it stands and should be removed by the most expeditious legal means, and no other." When our city authorities find out what is the matter we hope that the wrong, whatever it is, may be righted "by the most expeditious legal means, and no other." Such is our prayer. Let our authorities do nothing except by the "most expeditious legal means." Let there be no irregular proceedings against said building. The days of the "Vigilantes" are past. Its being advertised "to rent" is of course against the building, yet keep cool and proceed only by the "most expeditious legal means."

FROM LONG PINE.—We were yesterday shown some very fine specimens of ore from Long Pine, Inyo County, California. The majority of the specimens are argentiferous silents, but very rich in silver—so rich as to wholly destroy the regular galena crystallization. Among other curious mineral specimens was a large piece of asbestos, so pure that it could be twisted into strings. This mineral has been tried by the Mexicans as a lining (mixed with clay) for furnaces, but it does not seem to answer the intended purpose as well as bone ashes, which is now generally used.

Upon the heading of "Pretty Sight" an evening cotemporary says: "What is? Why, a ship under full sail, or (we'll skip the sailor's second), a train of cars in motion, or—next to em—the stages of Wells, Fargo & Co.—three six-horse coaches—rolling out of Virginia at 6 o'clock every evening. They prance forth fine. You talk upon. We would advise the prudent author of the above to ask his head for a mouth or two. They prance forth fine. Good-bye!"

IN OPERATION.—At present we do not know of an idle mill in the State. All are at work, and there is ore for all. Many of our leading mills are increasing their capacity, and on every side are to be seen signs of the prosperity of our young State. It is not only in mills, but in every branch of trade and industry, that we see improvements throughout the city. Business houses are being enlarged and refitted, and new houses are daily being opened.

THE GOLD HILL FAIR.—The Fair in Gold Hill, given by the ladies of St. Patrick's Church, is proving to be a most successful venture. The hall is crowded nightly, and there can be but little doubt that a sum sufficient to liquidate all the debts standing against the church edifice will be realized. It will continue during the week and will wind up in a grand ball next Monday night. Let our people go down and assist their neighbors of Gold Hill.

BLACK CROOK.—The attendance at the Crook last night was good, and a high old performance was given. All kinds of fun—jokes, dances, juggling, acts, and farces. No restriction upon anybody; lager beer drinking and smoking allowed, and all given the liberty of moving about and singing and doing pretty much as they please, so long as they do not interfere with the enjoyment of others. The bill for to-night is an excellent one.

INSURE AGAINST ACCIDENTS.—Go to Sprague, Gould & Curry office, and be insured against accidents. In case you are hurt after being insured you get a liberal weekly allowance until you are able to work. This is better than insuring your life, for once you are dead the money of the insurance company will be of mighty little use to you. They can give you no checks that will pay for grub in that "bourns from whence no traveler returns" to curse his back.

LIBERTY HOSE CO. NO. 1.—At the annual election of officers of Liberty Hose Company No. 1 of Gold Hill, held at their hall last night before last, the following named gentlemen were chosen as officers for the ensuing year: A. A. Putnam, Foreman; S. A. Holden, First Assistant; S. A. Winterbauer,

Legal Tenders.
SAN FRANCISCO, August 8.
Legal tenders, 7 1/2% asked.
FROM SAN FRANCISCO.

(SPECIAL DISPATCH TO THE ENTERPRISE.)
Body Identified—Heavy Attachment Suits—Another Death from Yellow Fever on the Resaca—Insolvents—Diverged Himself up—Arrivals—Legal Tenders—Exchange—Excursion—Appointment—Governor Stanley's Speech Democratic Nominations—Etc.
SAN FRANCISCO, August 8.
J. H. Allen, Secretary of the San Francisco Benevolent Association, last evening identified the body of the man who died suddenly at the Portsmouth House as that of Henry Terry, formerly a soldier.

The following attachment suits have been commenced against the firm of Wightman & Harris: In the Fourth District Court, John Parrott & Co. for \$10,000; Jos. A. Donahoe and Eugene Kelly, \$12,000; in the Twelfth District Court, L. Straub & Co. for \$8,000; Lazard Freres for \$6,504; Rodgers, Weyer & Co., \$25,000; Unifelder, Cohn & Co., \$3,028; D. A. Waiter & Co., \$5,800; Daniel Mayer, \$2,871; J. Kohn, \$21,480; in the Fifteenth District Court, Hyneman & Co. for \$3,495; D. Backs & Co., \$4,041; B. D. Harding, \$10,000; J. Godchaux & Co., \$6,004; P. F. Loughran & Co., \$2,050; making a total of \$180,702.
A seaman on the Resaca, who was attacked by yellow fever shortly after the arrival of the vessel here, died yesterday. This is the first case which has developed and terminated fatally here.
The following persons, resident in this city, have filed petitions in insolvency with the United States Register of Bankruptcy: Alonzo Tarr, Geo. W. Ward, D. D. R. Steward, Alonzo Hoy, O. B. Adams.
Yesterday officer Lynes gave himself into custody on the charge of manslaughter in shooting the oceanic prisoner, Louis Assmeln, and was

Mills in Lyon County.

Believing that a list of the mills of this county, with a brief note of their capacity, would be interesting to the readers of the Sentinel, both at home and abroad, below we present such a list in as condensed a form as possible. Two or three of the mills were not running when we visited them, and we are therefore unable to furnish the particulars in connection therewith. We will refer to such at some other time. The business of these mills would make a very handsome footing up at the end of the year.

Devil's Gate Mill—Henry & Co., proprietors; Bates Henry, Superintendent; steam power, twelve stamps, ten pans; ten hands employed; four cords wood used per day; eight tons quartz crushed per day.

Pioneer Mill—Sheldon & Co., proprietors; J. A. Todman, Superintendent; steam power, fifteen stamps, twenty-seven pans; twelve hands employed; four and a-half cords wood used per day; twenty-two tons quartz crushed per day, from the Alleghany mine.

Sherman & Co.'s Mill—Sherman Bros., proprietors; Sherman & Bovee, Superintendents; water power, five stamps, two pans; two hands employed; one cord wood used per week; four tons quartz crushed per day, from the Occidental mine.

Eagle Mill—R. T. Mullen, proprietor and Superintendent; water power, five stamps, two pans; two hands employed; one cord wood used per week; two tons quartz crushed per day, from the Overman mine.

Bacon Mill—Bacon M. & M. Co., proprietors; W. F. Johnson, Superintendent; steam power, twenty stamps, seventeen pans; fifteen hands employed; six cords wood used per day; thirty tons quartz crushed per day, from the Bacon mine.

Sparrow & Trench Mill—Trench & Co., proprietors; D. L. Hastings, Superintendent; steam power, twenty stamps, fifteen flat and two Wheeler & Rendal pans, seven more of which will be added in a short time; fifteen hands employed; six cords wood used per day; thirty tons quartz crushed per day, from the Spenter & Trench mine.

Gold Canon Reduction Works—Collins & Co., proprietors; steam power, twenty stamps, sixteen pans.

Bartoli Mill—Eight stamps and eight pans.

Eastern Slope Mill—Ed. McLean, proprietor; C. W. Tozer, lessee; L. Hudgin, Superintendent; steam power, sixteen stamps, with a working capacity of twenty common sized pans; eleven men employed; five and a-half cords wood used per day; twenty tons quartz crushed per day, from the Challege mine.

Phoenix Mill, No. 1.—J. C. Corey, lessee; A. K. Vanderveer, Superintendent; steam power, sixteen stamps, six pans; twelve men employed; four and a-half cords woods used per day; twenty-two tons quartz crushed per day, from the Crown Point mine.

Phoenix M., No. 2.—Under the supervision of the same parties as the Phoenix No. 1; twenty stamps, thirty-four pans; eighteen men employed; six and a half cords wood used per day; thirty tons quartz crushed per day, from the Crown Point mine.

Swansea M.—J. Tregloan, proprietor; Sam Johns, Superintendent; steam power, fourteen stamps, twenty-two pans; ten men employed; five cords wood used per day.

MILITARY garrisons have been established at Gallatin and Brookhaven, Miss., for the protection of the people, who are enjoined to be peaceable. All persons remaining in arms are declared to be out-laws.

GATHERS THEM IN.—The pensioners of the old Revolution have got down to four. Death has packed all the rest off on his body back, and set them down in Heaven.

JOSH BILLINGS says, "a reliable set of bowels is of more value than any quantity of brains."

Dr. J. F. Gibbon.—This celebrated physician has returned to San Francisco after an absence of a year, during which time he has visited the prominent hospitals in the United States, England, Ireland, Scotland and France, and having carefully studied the different modes of treatment in these establishments, comes back with full knowledge as to proper adoption of them in the effecting of cures here. He has resumed the practice of his profession at No. 617 Kearny street, where his old patients will find him, and those who are suffering from ills which his practice will allow him to cure. His card will be found in another column. my153m

The Remarkable Properties of BROWN'S BRONCHIAL TROCHES have been thoroughly tested since first introduced. The demand for them has steadily increased, and purely upon their own merits they have found favor with those who, from Pulmonary, Bronchial or Asthmatic complaints, require them. For Coughs and Colds they are efficacious. my12

*Soon will be 1,200 per month.

†750 tons per month; October 15, 1866.
‡Now 2,600 tons.

NOTES ON MILLS.

STOREY COUNTY.

- Bowers* (1)—Paid this for 5 months only; has been idle four months; new running, with own water; (2) 5-foot pans.
- Central* (1)—To Virginia and Gold Hill Water Companies; also, pays \$— to Ophir Company.
- (2)—Hepburn and Peterson's, working 500 tons per month wet; four furnaces and six barrels, working 170 tons dry.
- Crown Point* (1)—Just dismantled; engine used to drain mine.
- Comet* (1)—Been idle for seven months; just started again.
- Douglas* (1)—10-inch cylinder, 30-inch stroke, 20 plain pans.
- Empire No. 1* (1)—Increasing stamps to 21; capacity to be 40 tons per day; to employ 16 men, 27 Wakelec pans.
- Empire No. 2* (1)—Concentrators and two stamps for breaking.
- Empire State* (1)—4-foot pans.
- Gold Hill* (1)—6-foot tubs.
- Hoosier State* (1)—With steam chambers.
- Land's* (B)—Throughout the table designates Blake's breakers.
- Mariposa* (1)—Also one prospecting stamp; (2) large.
- Marysville* (1)—30 5-foot plain pans.
- Pacific* (1)—Large.
- Retaluna* (1)—Stamps being increased to 16; capacity to 26 tons per day; men to 11; wood to five cords; adding eight improved Wheeler pans, four settlers and one agitator.
- Piute* (1)—8-foot settlers.
- Rhode Island* (1)—18-inch cylinder; (2) 7-foot pans.
- Ripby's* (1)—One extra pan and settler for tailings and one barrel.
- Rogers's* (1)—Not running for four months.
- Saphira* (1)—Wheeler.
- Simcoe* (1)—Improved.
- Stephenson* (1)—8½-inch cylinder; (2) Howland's rotary battery; can crush seven tons and amalgamate five tons per day; (3) small.
- Succor* (1)—24 Wakelec flat-bottomed pans.
- Summit* (1)—Burnt and rebuilt in 1863; (2) small pan and settler.

LYON COUNTY.

- Birdsall* (1)—Mill, \$110,000; ditch, \$40,000; total, \$150,000.
- Carpenter* (2)—Large-sized Wheeler.
- Dayton No. 1* (1)—Four of these for prospecting; (2) 8-foot settlers; (3) Knox.
- Dayton No. 2* (1)—Two roasting furnaces.
- Eastern Slope* (1)—Large.
- Eureka* (1)—Break 80 tons per day.
- C. C. Reduction Works* (1)—5-foot pans.
- Imperial Rock Pl.* (1)—7-foot tubs and settlers; (2) breaker, large size.
- Phenix No. 1* (1)—Eight tubs and Wheeler pans.
- Pioneer* (1)—15 tubs and Wheeler pans.
- Sacramento* (1)—12 7-foot iron pans.
- Swansea* (1)—6-foot tubs and one prospecting battery and pan.
- Trench* (1)—16 flat 7-foot pans, one excelsior and two Wheeler and Randall pans.
- Weston's* (Steam)—(1)—Worked but about 1,000 tons of Comstock ore this year; hauling about \$3 per ton.
- Weston's* (Water)—(1)—Six flat-bottomed pans; has run but little this year for want of water.

ORMSBY COUNTY.

- Merrimac* (1)—Also, one prospecting battery and pan; (2) large.
- Mezican* (1)—Four furnaces and 10 barrels.
- Avian* (1)—Hanscom's.

WASHOE COUNTY.

- Manhattan* (1)—16 pans.
- Ophir* (1)—Working but 36 stamps—Freiberg process—nine furnaces.
- Reduction Works*—24 amalgamating barrels.
- Temelec* (1)—Large.
- Washoe Valley* (1)—Wheeler 12-foot breast; full capacity about 300 horse-power.
- Reduction Works*—40 stamps used for Freiberg process, and 20 for wet; eight furnaces and 20 barrels for dry process; four Wheeler and Randall's pans for wet; four more Varney pans to be introduced; (2) Blake's improved saw.
